

Bimol Singh is now 32 years of age. He is a daily wage earner. He has two kids. He went to a local govt. school. He knows Manipuri, mother tongue. He can't read an English text. He wish if they were taught English properly in school, he could live a better life.

1.6 lac children enrolled in govt. schools in Manipur, all from economically most backward families. How many of them will fall in the cycle of Bimol's fate?

Number is pretty high, if not intervene !

Only 50.1% of Grade III, V, VIII can read text of Grade II in India.

Library
for All

making a nation of readers

We believe if Bimol had access to adequate quantity of **books** and right quality of **coaching** for reading at the school, he would be able to **read and understand English** and could lead a better life.

Library for All sets up library in government schools and provide right quality of coaching to enable every children to become readers in English language.

Key Activities

- Robust 4C targeted read-aloud
- Self-sustain reading sessions
- Writing sessions

Name - Shonshangon Zink
class - 5

① For us entering at Library is our happiest moment to all of us. Having a library is a good thing. We learnt many things at Library.

② We learnt many different things at Library. Library makes us happy because when we are sad and read a joke story & play games that makes us feel good and happy.

And lastly, I want to thanks to all the teachers for having a library. Having a library is a good thing to all of us.

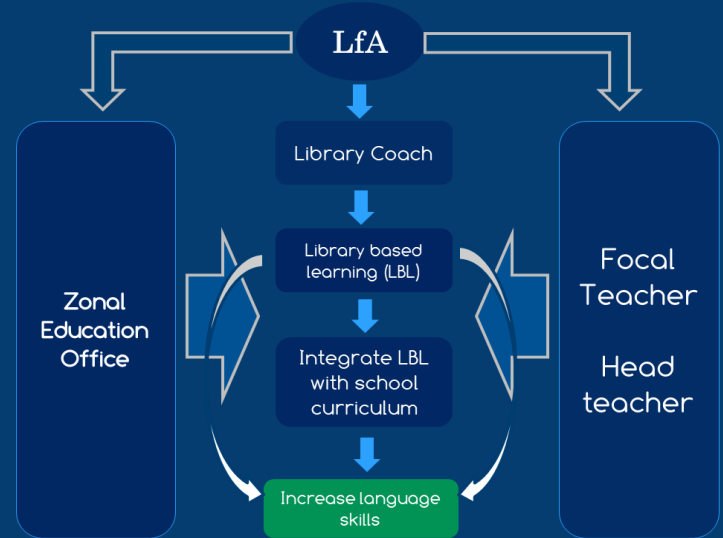

We envision a system in which every child have access to equal quality learning opportunity.

Our Supporters

Operation

2019-20 target

Impact 1000 children in 10 schools in Imphal East and West at the cost of Rs. 812/child and Rs.121800/school annually.

Impact

- 17% increased in children reading fluency .
- Children's reading quantity and vocabulary increased.
- Teachers' attitude shifted from syllabus completion of English Textbook to language skill development.
